

Nominees for Board of Directors

June 27, 2009 – Annual Banquet and Awards Ceremony and General Membership meeting

5 Candidates for 3 positions

Deb Bille:

I have been involved with skating clubs and their activities for 9 years. I was on the board and President of Front Range FSC before the merge with Centennial and also the test chair. Have been on the board at Centennial and chaired accounting for CSI. I have also been the test chair---total number of years doing that is 8(wow---time flies!). My day job is as a nurse-attorney with a large insurance company and I own Cheapsk8tes. I feel now that I no longer have a child in skating, I can look at the big picture from a neutral point of view which will benefit the club.

Delcine Delmonico:

I am fairly new to the sport of figure skating and Centennial Skating Club. My daughter has been skating for about three years. I have very much enjoyed my position as secretary on the board and have learned a great deal about skating. I have spent many hours volunteering for CSI, Nutcracker on Ice, and most recently State Games of America. I have appreciated the opportunity to get to know skaters and families better that I may not have had the opportunity to meet without being on the board. I believe that my "mom" perspective has been and will continue to be of benefit to the club. I have two children who compete in athletics, a skater and a swimmer, and while not driving endless hours to practices I am a substitute teacher of several schools in District 20.

Debbie Gard:

My children started skating 2 1/2 years ago at Sertich Ice Arena. As a member of CSC my daughter and myself have volunteered at CSI, Nutcracker, and any other areas that needed assistance. In the past, I was the Board President at Broadmoor Community Preschool for 2 years, and the Enrollment chair for 1 1/2 years bringing the schools enrollment up and having kids be on a wait list to enroll. I was a department manager for 3 years at Foley's responsible for sales, staff, and merchandising. I currently work at The Vanguard School in the front office helping students with their schedules, testing new students, and planning events for staff and students. My husband has a hand therapy clinic and I manage the accounts. I will bring fresh ideas and input into Centennial Skating Club.

Lisa Landon:

I have been on the Centennial Board of Directors for over 12 years. I have held the offices of President, Vice-President, Secretary, and am the current Treasurer. I am also the publicity chair and the competition chair and have run our Colorado Springs Invitational for the last 9 years. I am an adult skater who has passed my Adult Gold MITF test, Adult Silver FS test, Preliminary FS test, Intermediate MITF test, and my Bronze Dance Test. I am a gold single/pairs test judge and a prospective regional competition judge. I enjoy being involved in skating and the biggest kick that I get is watching the kids move up in the sport from being a Basic Skills skater to a Senior Lady! In my other life, I am a Senior Director at Premiere Global Services and am responsible for the Process Management and QA departments. From my job, I bring business management, organization, and project management skills to the Board. I believe that I also provide an Adult Skater viewpoint (one that started skating as an adult), a sense of continuity to the board, and a judges perspective to the club and the board.

Cindy Stanley:

I am the mother of 3 basic skills skaters ages 3, 6 and 9. My eldest daughter, Allyson, has been skating for the past 4.5 years and is preparing to take her first formal test. My daughters and I have only been members of Centennial Skating Club for one year. I fell in love with the sport when Dorothy Hamill won an Olympic Gold Medal in 1976. Since there was not much ice to be had in rural Iowa (except ponds), I continued on with gymnastics and was a competitive all around gymnast and cheerleader in college. I left the corporate world in late January 2009 after spending 24 years in the financial services industry (21 years in mortgage banking and 3 years in business banking compliance). Now that I am no longer working an 8-5 job, I have more time to spend at the rink with my girls and more time to pursue some of my personal interests. I recently attended the US Figure Skating Governing Council meeting in Buffalo, NY with Lisa Landon and found the meeting to be very interesting and also learned a lot about the sport. My husband and I also own the Culver's restaurant franchise at Powers and Constitution and are preparing to open two more Culver's restaurants in early fall (N. Academy and Falcon). I am looking forward to learning even more about the sport of figure skating and volunteering my time to Centennial Figure Skating Club.
